## **NORTHWEST HONKEY-TONK: Ruby Dee and the Snakehandlers**

We've got a date on the rock-a-billy dancefloor and all we need to get our feet moving is Ms. Ruby Dee and the Snakehandlers. Ruby Dee's voice and instrumentals are as perfect of a fit for this distinct genre as pompadour hair dos and creepers. Going to the backcountry? It's perfect for that too. Really, it's good old rockn' roll tunage for that classic western lifestyle with a little boogie in it to boot.
